7 June 1962

MEMORANDUM FOR: Executive Director

SUBJECT : Instructions to Pilots Supporting Certain
DPD Projects

1. At one of the recent Executive Committee meetings the question arose concerning what instructions we give our pilots in the event of a mishap to a U-2.

2. Attached is a brief outline indicating what information they have been told to give in the event of an incident over (a) friendly or (b) unfriendly territory. Also attached is a memorandum from AC/DPD which transmits more detailed instructions to the pilots which you may be interested in glancing through.
